IN GLASS

TIMELESS GLASS

for Seasonal Inspiration

Autumn is the season of warm tones, rich flavours, and natural elegance. We've brought our timeless glass bottles into autumn's embrace. Styled with warm palettes, natural textures, and seasonal drinks, our glass reflects the elegance of the season.

CLEAR GLASS BECOMES A MIRROR OF NATURE

*From spring freshness
to autumn warmth*

Golden amber, forest green, and deep burgundy – autumn highlights how glass, though colourless, comes alive when surrounded by seasonal tones.

With Vaider Group's bottles, your drinks shine in glass that is timeless, sustainable, and ready for every season.

All bottles are designed to perfectly present any beverage, from premium spirits and wines to water and non-alcoholic drinks, with flexible production options and adaptable MOQs to fit your brand's needs.
